MUCH GOOD FROM PERSONAL WORK

The Men's Personal Work League is laymen's movement for the personal nveyance from man to man of the portunity to accept Christ and lead christian life. It is the out-growth Rev. Sunday's Youngstown, Ohio mpaign during January and Febary of 1910.

Owing to its phenominal growth e movement has attracted wideread attention, being represented in wns, villages and the larger cities, d its influence tend to bring the ety nearer to an earnest consecratstate than any previous movement. ice within its fold, the unconverted n no longer say, "No man cares for soul," for he is made the frequent bject of friendly solicitation to me, and become reconciled with m who is an ever ready help in ne of need.

There are many Christians today, particularly in this locality who ve grown to scoff the idea of closeage discussion of the individual's ation to Christ and the Church escially with those possessing certain culiarities and qualifications.

It's gratifying to know that the covery has been made that when proached in a manly way, men are ually found ready to consider the ims of personal religion, and cognition of this by a large and owing organization of men, wholearted and devoted to the work, has ought good results to the League, sults that stand, perhaps unparalleled.

The idea has gotten abroad through nessen that the local League is de up of those only who were espially chosen to do personal work ring the recent evangelistic campgn, but that is erroneous and misding as to its object and work. Every Christian man who has a e in his heart for his fellow man, who had accepted Christ as his sonal Saviour, is earnestly invited become a League member. The ague meets every Sunday afternoon 3 o'clock in the Baptist Church to ich all persons, whether saint or ner, are very cordially invited. e League is nothing if not Evanistic. It is the Church in action. officers and members stand ready assist in the conducting of meets, organizing Sabbath schools and ssions or doing any evangelistic rk whereever they may be called. A Saturday night meeting for men held in the Baptist Church from eight to eight-forty five to which all men are invited.

With the above explanation of the object and work of the League we trust that every Christian man who has not already become a member will speedily hand his name in and become identified with what we believe to be one of His chosen agencies of good to the world.

TEAMS BATTLE FOR THE CELLAR POSITION

The Presby's scrambled out of last place last evening by defeating the Christians in a six inning contest by the close score of 4 to 3. Both teams worked hard for a victory and it was only the superior hitting of the Presby's that pulled them through. Stahl for the Christians was in good form, not walking or hitting a single batsman, forcing 9 to strike out and allowing 8 hits. In the fourth inning the Presby's bunched four hits and with the aid of a sacrifice fly, four runs and enough to win were scored.

The Christians scored first. In the second inning, Daley reached first on Hustons error after two were down. "Herb" Nelson then came up and gave the ball a ride to the bank in middle field and before it could be fielded back in he was across the plate with the first home run of the season and the winner of two bats, donated by C. F. Mentzer and Johnson and Walker. The Presby's came back in the fourth when Watt singled, Shupe beat out a bunt, both advancing a base on a passed ball. Underwood's sacrifice fly scored Watt. Kiddo singled to right scoring Shupe. Kiddo stole second. Culler singled. Both scored when Daley threw Manown's grounder past first.

In the fifth Bowers reached first on errors. Zell was safe on Todd's error. Stahl scored Bowers with a single. Daley went out on a pop fly.

FIRE ALMOST DESTROYS THE REPPERT JOB PRINTERY AT NINE O'CLOCK THIS A. M.

This morning at 8 o'clock the printing plant of J. A. Reppert on sixth street hill caught fire from a furnace in which some old papers were burning. The firemen were just leaving on a boat excursion but responded as quickly as possible. The plant was installed overhead in a building on the rear of the lot, and the flames had broken out when the firemen arrived but they soon got control and the fire was hastily extinguished. Mr. Reppert's stock was practically destroyed. It included some machinery, small stock of paper and other things. He valued the outfit at about $1,500 and carried $700 insurance.

ONE OF OUR BEST NEWS BOYS HAS RESIGNED

Collins Greer one of the oldest newsboys in the service of the Independent has resigned and will shortly go to the country to spend a summer vacation. Collins leaves his position with a most excellent reputation and he is a boy we would be glad to recomend to any person. He is strictly honorable, square and upright and was one of the best carriers that ever took papers out of this office.

Unlike many other boys Collins was not satisfied with a small route He wanted to be on top and was never satisfied until he had worked his route up higher than any of his competitors. Not only will Collins be missed about the office but his customers will also miss his familiar face at their door. He was always regular on his trips and few boys were more prompt with the delivery of the paper, for hardly a complaint was heard from any of his customers. Collins has received a business training during his experience as a newsboy that will be valuabe to him all through life and the office loses one of its best hustlers.

IMPROVEMENT TO MONESSEN HOTEL

J. A. Lohman, the architect is now completing plans for extensive changes to soon be made about the Monessen Hotel at the corner of Fifth street and Donner avenue. Under the new plan, the addition to the building will extend it back to the alley. The bar will be lengthened, the office placed farther back and the kitchen and dining room will be more to the rear in the new addition, the basement will be reconstructed, newly cemented and the wine cellars rearranged. In addition to the new office there will be separate writing and sample rooms and with these extensive changes, Mr. Dorr will have one among the finest and best equipped hotels of the valley. His genial, whole souled manner and general hospitality has for years won him friends and the house patronage until the enlargement was found necessary. The work will be started at an early date and pushed along to completion under the supervision of Architect Lohman.

LOCAL FIREMEN ARE ENJOYING AN OUTING TODAY

The Monessen Volunteer Fire Department and their families and friends are enjoying a boat excursion today to some up-river point which had not been decided upon. The boat will make two trips, one morning and evening and a general good time is anticipated Just as the firemen were ready to start on the forenoon trip there was a little interruption by the fire call to the Reppert printing office on Sixth street hill and the boat was held up until the return of the Department from the fire. However the start was made in fairly good time after the excitement was over and a good crowd went aboard. However, a large attendance is looked for on the night trip which will be unusually pleasant as the weather is ideal for a trip on the river and good music will be aboard. So don't miss it.

This town is fast getting acquainted with its needs and is taking such steps as will place it in the progressive class. One thing that has for a time been a great menace to merchants is the dust and dirt that blows through the streets into stores and dwellings. Local merchants are so annoyed that a number of them clubbed together and raised a fund to help defray the expense of sprinkling during the hot months. This is hardly fair. It is a dual tax on some, others pay nothing and get the benefits. Much of the dust is caused by the trolley cars.

A question might here be asked. It is: "Why should not the trolley company occupying the streets of the town, sprinkle at least three times per day during the six months, from May first to the end of October each year, when in the judgment of th street department such is necessary for the health, comfort and general welfare of the business men and the traveling public?"

Just now the town is awakening to its needs and our people have their eyes wide open looking for the things the city lacks and, at the same time, closing them—because they have to—to the dust and filth that fills the air and business placss.

The traction company owes it to themselves and the patrons of their road to give the people and the city a square deal to force men, women and children to ride in cars that are filthy with dust, dirt and disease breeding germs, when all of it could be avoided by the trolley company using just a little common sense and having an eye to the comfort, health and good will of the people who ride in their cars and do business in our stores, to say nothng of showing some disposition of setting a good example along lines of cleanliness and an appreciation of the rights and privileges they enjoy by reason of the city franchise granted them.

While we believe in the utmost freedom in the important business of nominating candidates and in the adoption of rules that will permit any citizen to be a candidate for nomination by his own party, as well as in the cultivation of independence in voting at the general election, we also believe each party should be protected in the control of its own primaries. The laws should be so framed as to heavily punish any man interfering with the primaries of a party of which he is not a member. Within party lines there should be the utmost freedom of choice. Nor are we a stickler for party allegiance after the nominations have been made. If the platform be offensive or any of the candidates objectionable it is both the right and the privilege of the citizen to bolt. But it is wrong to permit members of one party to interfere at the primaries of another, to undertake to thrust upon the opposite party candidates, in fact, that were not nominated by its votes.

What in the thunder are we to do. Last month publishers all over the country received notice that paper stock of all kinds had advanced 15 per cent. Now we receive the pleasant intelligence that Congress proposes to repeal the reciprocal agreement with Canada under which paper is shipped into this country free of duty and impose a tax of $2.00 a ton. Wages have gone up almost 50 per cent in the past ten years but advertising, job work and newspapers bring practically the same price. Truly it looks as though the pass and sack of potatoes were bound to return in order to save the publisher from poverty.

Just fancy the feelings of the store keeper who at this time has his big store window full of straw hats, and undergoing such miserable weather as we've been having lately umbrellas, rubbers and overcoats with a fur cap to pull over ones ears would be more suitable.

If society women ever acquire the smoking habit, families who do not care to have their sacred domains saturated by the fumes of tobacco smoke may be forced to put "No smoking" signs in the hallway and in the parlor.

BETTER THAN SPANKING.

Spanking does not cure children of bedwetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child—the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

THE SAVIOR'S TEACHINGS — BROOKLYN TABERNACLE BIBLE STUDIES

PRAYER A GREAT PRIVILEGE.

Matthew vi, 1-18—June 2.

"Take heed that ye do not your righteousness before men to be seen of them, else ye have no reward with your Father which is in heaven."—Matthew vi, 1. (R. V.)

IN today's lesson the Master tells of proper and improper giving of charity. He also explains proper and improper prayers and finally proper and improper fasting. In all these He denounces hypocrisy. His followers are to be actuated solely by a desire to please the Heavenly Father.

We may be *seen* to do good or to pray or to fast, but we are not to do these *to be seen*. Of such the Lord says, "They *have received* their reward"—nothing more is coming to them; they get the publicity sought.

The Privilege of Prayer.

Jesus did not command His disciples to pray, nor did He even give them a form of prayer until requested. The Lord's people must feel their need of Divine help to appreciate the privilege of approaching the throne of grace.

It will be noticed also that our Lord merely taught His disciples: "When *ye* pray." As a matter of fact, the Gentiles, the world of mankind in general, have no access to the Throne of grace. "God heareth not sinners."—John ix. 31.

The world in general, the race of Adam, was alienated from God through wicked works. Adam was under covenant with God by which he enjoyed the privileges of a son of God. This included fellowship, communion, prayer and Divine supervision and care even to the extent of everlasting life. But Adam's disobedience abolished that covenant - relationship and all its privileges.—Hos. vi, 7, R. V.

Praying to be seen of men.

The only ones, therefore, who now enjoy the privilege of prayer are those who have been accepted of God back into covenant-relationship.

Instead of exhorting our friends and neighbors to pray to God and to trust for the fulfilment of their prayers, we should give them the Scriptural counsel—to repent of sin and by faith accept the forgiveness of their sins, according to the testimony of God's Word, by making a full consecration of themselves to be followers of Jesus.

A Form of Sound Words.

Responding to the request of His disciples Jesus gave a sample of a proper prayer. We note its brevity, simplicity, directness, orderliness.

(1) "Our Father, which art in Heaven, hallowed [adored, honored] be Thy name." God's Name represents His character, His Kingdom, His personality. First of all, then, we ascribe honor, reverence, majesty, glory to our great Creator, whom, through His appointed way, we delight to call our Father in Heaven.

(2) Next in order we acknowledge the Divine authority. This means that our hearts are submissive to the will of God, for joy or sorrow, for pleasure or pain, for life or death, and that we have confidence in the Divine power and promise that ultimately the Divine will shall be as fully done on earth as it is now done in Heaven: "Thy Kingdom come, Thy will be done on earth as it is done in Heaven." In this we recognize the coming of Messiah's Kingdom and indirectly our own hopes connected with that Kingdom—that we, if faithful, shall be associated with the Lord in His glorious Throne, in dispensing the blessings of Divine power and mercy to mankind, so as to effect the regeneration of all the willing and obedient.

"Thy Kingdom come."

(3) "Give us this day our *daily* bread." God has promised that our bread and our water shall be *sure*. He has not promised, nor are we to ask for an abundance, wealth, riches, nor are we to specify fine food or luxuries. The thought is, Grant us daily such provisions for life's necessities as seemeth to Thee best for us.

(4) "Forgive us our debts as we have forgiven our debtors." Here is emphasized the Master's teaching that only the merciful shall obtain mercy, that only the forgiving shall be forgiven.

(5) "Lead us not into temptation [to abandon us there]." We feel our own weakness, imperfection; hence, while knowing that we must be brought in Divine providence into positions of trial, testing, we may well pray not to be abandoned there, not to be left to our own strength, but that His grace may be sufficient for us.

(6) The Bible assures us that there is an Evil One, and that he has great power and influence amongst men, that he is "the Prince of the power of the air," and "the god of this Age." How appropriate that we request the Lord not to abandon us to the Devil's wiles.

The words, "For Thine is the Kingdom and the power and the glory forever, Amen," are not found in the oldest Greek manuscripts, and are therefore properly omitted in the Revised Version. We await the overthrow of Satan's Empire, and the binding of the adversary for a thousand years, and the ushering in of the Divine Kingdom and power and glory, forever.

AMERICAN DISEASE TO BE CONQUERED

NEW PRODUCT MAKES ASTONISHING RECORD IN COMBATING PREVALENT AILMENT.

Men and Women Everywhere Deeply Interested In Discussion of Remarkable Results.

For a number of years past the medical fraternity of America have shown a good deal of alarm over the spread in this country of the malady commonly called nervous debility. To such an extent has this condition affected men and women in America, that it has come to be known as the "American Disease." Various treatments have been in vogue, usually with indifferent success. Rest Cures, Vacations, trips abroad, etc., coupled with the administration of drugs have been tried. Without doubt freedom from grinding work and business cares for a time is of great benefit to any man or woman threatened with nervous breakdown. Comparatively few people however, can spare the time or money necessary to take a lengthy vacation, or expensive journey.

The average man or woman, therefore, who is afflicted with nervous debility, sleeplessness, poor appetite, nervous indigestion and headaches, lack of strength, weak heart, and a general run down condition of the system, owing to impoverished nerve force, will be interested to know that a most efficient remedy for these troubles is now at hand, and within the reach of all.

The treatment is now obtainable of druggists generally, and is known to the drug trade as Wade's Golden Nervine. Reports from those who have tested this product indicate that it is an ideal reconstructive and nerve tonic, and an especial appeal for favor is made in the fact that it is entirely free from alcohol, morphine, or narcotics of any kind. While distinctly soothing and quieting to the over-wrought nervous system, it possesses the very necessary up-building and restorative power which has been lacking in other treatments used for this purpose.

Druggists in this city report that Wade's Golden is showing unusual results in combating nervous debility, and that sales of the product warrant them in buying from the manufacturer direct. This was the condition at Eddy's Drug Store.

News Notes of Society

The Hummer Club was entertained last night by Miss Louise Frazier at her home on McKee avenue the Club membership being well represented. A most enjoyable evening was spent in the form common to these gatherings, general, whole-souled sociability, music, song and plays, supplemented by a dainty luncheon which all enjoyed, as Miss Frazier surely outdid herself both in entertaining and serving. Her efforts were highly appreciated by the young club members.

Pages Playing the Liggetts

The Page A. A. team goes on the 1:30 car to Monongahela to play the strong Liggett team and an interesting game is looked for. The game will be called at 3:30 at the Liggett park. The Liggetts are a strong team and the Page boys realize what they are going up against, but nevertheless they expect to win, as they defeated the Liggetts last year. Yesterday, in a double header the Liggets broke even with the Sterling A. A.'s, winning the first 8—0 and losing the second 15—13. So its plainly seen that there'll be something doin' this afternoon.

Stevenson's Worthy Prayer.

The day returns and brings us the petty round of irritating concerns and duties. Help us to play the man, help us to perform them with laughter and kind faces; let cheerfulness abound with industry. Give us to go blithely on our business all this day, bring us to our resting beds weary and content and undishonored, and grant us in the end the gift of sleep. Amen.—Robert Louis Stevenson.

Women as Preachers.

BACKACHE NOT A DISEASE

But a Symptom, a Danger Signal Which Every Woman Should Heed.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Read about Mrs. Woodall's experience.

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and am enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

A physician said that my kindeys were out of order and deciding to try Doan's Kidney Pills, I procured a supply from the Hirsch Drug Co. A WARNING AGAINST TRACK VIOLATIONS

James McCrea, President of the Pennsylvania Railroad, has written a letter to a magazine calling attention to the dangers of trespassing. He said:

"It is horrible to me to think of the number of trespassers that are killed or injured on the lines of the railroads, simply because they pay no attention to the laws on the subject. On the Pennsylvania System alone, in the last ten years there were 8,523 trespassers killed, and 8,285 injured. The danger to the public due to the custom of carrying concealed explosives on passenger trains and trolley cars is also very great. To what extent this practice is indulged in, of course, we cannot tell, but we know that it is done much more than is realized by the public. This is particularly true as to foreigners engaged in mining operations of various kinds."

Mr. McCrea said attention should be called to the danger of allowing children to walk on railroad rights of way. He also pointed out the need for explaining the law and regulations in reference to carrying explosives on passenger trains and trolley cars, or placing them in trunks or hand-bags.

QUERY AMONG FRIENDS AS TO THE TRUTH OF IT

Is Charles Neill married? This is a question that is going the rounds among the employees in the local Tin Mill and it is a subject that in spite of it being incredible it is said to be authentic. Now there have been rumors of Charlie getting mated up before but this one is the prize of them all. Early Thursday morning "all dolled up" he left here for Greensboro where it is said he was going to do the inevitable and after severing the last tie that bound him to his joyous freedom he was going to plunge into the deep sea of matrimony. His friends hired Sherlock to trail him up and discover the cause for the trip but Sherlock returned this morning baffled worse than ever having lost trace of him on the way up. It is no laughing matter among the boys as they really want to find out and if someone does not ask Charlie soon whether he is a "goner" they will appoint a committee from among themselves to perform the mission. Any information received which would throw a light on the above matter will be greatly appreciated. In the meanwhile Charlie wears a grin "says not a word."

BIJOU

An attraction at the Bijou Theatre for next Thursday evening will be the marriage of a well-known Monessen couple at 10:15, the ceremony to be performed by Rev. Davies of the M. E. church. This will be a feature to be witnessed by any who wish, so remember and be on hand at that hour. 1t

TWO PRETTY GOOD SIZED DAMAGE SUITS SETTLED

In the Washington county court yesterday the jury in the case of Mr. and Mrs. Manson T. McCleary against the Pittsburgh Railways Co., gave a verdict of $2,000 for the prosecution. January 28, 1909, Charles Edgar, the five-year-old son of the McClearys was struck by a street car and so badly injured that he never recovered. A former jury had given a verdict for $147 doctor bill, but the superior court remanded it back for re-trial with above result.

Mary A. Weaver of East Pike Run township also secured a verdict for $300 against the Southwestern State Normal School at California for a piece of ground which it was claimed the school occupied wrongfully in a 99 year lease given by persons who had not the right or title to do so; hence the damage award.

THINGS ALL OUGHT TO KNOW

As Christian Bible Students—The Satisfactory Proof of "Why God Permits Evil."

One of the questions which comes to nearly every thinking mind today is, "Why does God permit evil?" As we look about us in the world we observe that it is filled with sorrow and trouble, sickness and pain and every trial we could enumerate, and we cannot help wondering WHY GOD ALLOWS IT. We realize that He is almighty and that He could prevent it if He wished. We read in His Word that He is more willing to do for His children than are earthly parents for theirs, and we know how much that means; yet oftentimes, it seems that those who try to do and live right have the most trouble. This question is made very clear in a book entitled, "The Divine Plan of the Ages." Every statement is backed by Scripture, and shows that while God does not sanction evil HE HAS ALLOWED SIN AND DEATH TO REIGN FOR THESE LONG SIX THOUSAND YEARS. This and many other subjects of deep interest to all of God's people are discussed fully and in language easy of comprehension.

In English, German, Swedish, Dano-Norwegian, Italian, French, Greek, Hungarian, Spanish, Polish, Hollandish. [Syriac and Turko-Armenian in preparation.]

PROFITABLE DAILY TITHING.

"Daily Heavenly Manna."

This little book is having the largest circulation of any of its kind and is conceded by Christians everywhere to be the most helpful.

If Christians allow the rush and crush of selfish ambition to deprive them of their daily portion of heavenly food, they must not be surprised if they grow spiritually leaner day by day, and if the peace of God gives place in their hearts to the discontent which is growing in the world, notwithstanding the multiplication of our comforts and privileges.

Daily Heavenly Manna contains a collection of Scripture texts with appropriate quotations for every day in the year. Surely the little tithe of time daily spent in partaking of its morsels of heavenly counsel cannot fail to profit all who partake. It is published to do good—not for profit.

Your Friends' Birth Dates.

An autograph and birthday record feature in this book is a great convenience. Opposite each day of the year are blank lines upon which you can secure the autographs of your friends and be reminded of their birthdays as they occur. This makes the book more valuable yearly. In ten years you would not sell it for ten dollars.

Besides it has a place for Birth Records, Marriage Records and Death Records. Also it has a table showing the day of the week of any date for one hundred and fifty years.

Printed on bond writing paper, blue cloth, handsome. Price, 35 cents postpaid; imitation alligator skin, gold edges, $1.00 postpaid. Order now. Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

Bison Practically Wiped Out.

How effectually the bison has been exterminated may be seen from the fact that a fine head lent by Idaho people for the land show at St. Paul is insured for $2,000. One used to cost a morning gallop and a ball from a big pistol.

Superiority.

In the opinion of the average woman pedigree is as much superior to brains as angel cake is superior to a flapjack.—S. E. Kiser.
